NUMBER 178.

FIFTEEN THOUSAND.

That Is the Number of Cuban Insurgents.

NEARLY ALL ARE WELL ARMED.

Recruits Being Added to Their Number Every Day—Gomez Preparing to March Upon Puerto Principe—They Also Expect to Capture a Spanish Cruiser—Spanish Reports Two Skirmishes.

JACKSONVILLE, Fla., June 20.—A special to The Citizen from Gainesville says R. F. Anderfer has received another letter from Major F. P. Hann of the Sixth regiment, Cuban volunteers, which was delivered in Tampa by a private individual. It is dated "In camp at Lunas, province of Camaguey, June 15, via Tampa, June 18," and reads as follows:

"We reached Gomez' camp this morning at 10 o'clock after marching part of the night. Our entry was triumphant. Gomez' troops were drawn up to receive us. Colonel Hernandez was with us, and had the pleasure of turning over the \$250,000 gold to General Gomez, who will use it in buying supplies and paying the soldiers. The rifles and ammunition we turned over to the quartermaster, as well as the 500 rifles captured from Spaniards yesterday in battle.

I will now give you a description of General Gomez' army. It comprises 15,000 men, divided as follows:

"Second regiment, colored, 982 strong, under command of Colonel Guanaha, recruited at Cienfuegos.

"Fifth regiment, colored, 795, recruited near Cienfuegos, under command of Colonel Canarie.

"Sixth regiment, Cuban, Colonel Rodrigues, which has seen some of the hardest fighting of any regiment in the service. When recruited it was 1,000 strong, but six weeks later had only 600 men, having lost the others in battle, including our First Colonel Aretino. It has been newly recruited, and again 1,000 strong.

"Ninth regiment, Cuban, Colonel Hernandez, 862 men.

"Tenth regiment, Cuban, Colonel Melo, 930 strong.

"Fifteenth regiment, Cuban, Colonel Esperanza, 695.

"Sixteenth regiment, colored, Colonel Zapata, 1,000 strong, newly recruited.

"Nineteenth regiment, Cuban, Colonel Matamoras, 926 men.

"Twenty-first regiment, colored, Colonel Pinos, 854.

"Twenty-fifth regiment, colored, Colonel Cortez, 970.

"Twenty-seventh, colored, Colonel Martinez, 1,000, newly recruited.

"Thirty-second, Cuban, Colonel Cespedes, 938.

"Thirty-ninth, colored, Colonel Seronez, 720.

"Battalion of Natas, Cuban, Major Canova, 400 men. This battalion is from the best families in Cuba.

"Battalion of Damaneoco, Cuban, Major Palmas, 400.

"Battalion of Soledo, Cuban cavalry, Colonel Catalina, 400.

"Battalion of Santa Cruz, Major Torre, 320.

"Battalion of Americans, from Alabama, Georgia and Florida, 324, under command of Major Jennings of Georgia and Captains Stone, Leo, Most and Redman.

"Independent companies of Americans from Ohio, under command of Captain Ellis, 185 strong.

"Last, but not least, is the company of Texas sharpshooters, now 52 strong, from Fort Worth, under command of Captain Stillwell, who was promoted from first lieutenant. This company has been in six battles and has lost 11 men, including its first captain, Little.

"Of these commands, the Sixth, Ninth, Tenth, Fifteenth, Nineteenth, Thirty-second and Thirty-fourth regiments, battalions of Natas, Damaneoco, Santa Cruz, battalion of Americans and two companies of Americans are armed with Winchester rifles captured from the Spaniards, while the Second and Fifth regiments are armed with machetes and other arms, and the Seventeenth, Twentieth, Twenty-fifth, Twenty-seventh and Twenty-ninth are armed with machetes only. The battalion of cavalry is armed with sabres and rifles. We hope soon to have all armed with rifles, but men are coming in faster than arms at present.

"Of these regiments, the Second, Fifth, Sixth, Ninth, Tenth, Nineteenth, Twentieth, Twenty-fifth, Thirty-fourth and Thirty-ninth are in camp here, also the battalions and two companies of Americans. The others are marching to join us, and as soon as all are in camp we shall march upon and try to take Puerto Principe, which is our objective point. We are expecting another expedition with 1,000 rifles and 5,000,000 rounds of ammunition. We also hope to take one of the Spanish cruisers soon, as we have plans made to that end."

TWO MORE SKIRMISHES.

In Both Cases the Insurgents Were Routed After a Small Loss.

HAVANA, June 20.—General Navarre has been engaged with the insurgent band, commanded by Garzon, in the neighborhood of Santa Rosa, Santiago de Cuba. He destroyed their camp, and captured their arms and ammunition. The insurgents lost four killed and had many wounded. Three soldiers were wounded.

Lieutenant Colonel Michelena has had a skirmish with 400 insurgents under the leader Rabi at Mogole, Santiago de Cuba. They left two dead and five wounded, and the troops captured four prisoners, a quantity of arms and the insurgent hospital. On the side of the troops one man was killed.

RESPITED FOR THIRTY DAYS.
Harry Hayward's Life Hung Upon a Very Slender Thread.

MINNEAPOLIS, June 20.—Harry Hayward's life yesterday hung upon a very slender thread. Contrary to popular belief, it was entirely within the discretion of the supreme court to have refused a stay. In case it had he would have been executed on Friday next. The Hayward case was presented to the judges in the afternoon in chambers. It was carefully considered for two or three hours but a stay of 30 days was finally granted upon condition that the case be argued during this term.

The term will come to an end July 3. The argument will probably be delayed as long as possible, but it can not take place later than the day named, which will be Wednesday July 3. The court may decide these questions involved off-hand, but the probability is that a few days will intervene between the argument and the final decision. The entire probability is that a new trial will be refused. In that case Governor Clough will fix a new day for carrying out the penalty pronounced by the district court and it is altogether likely that the condemned man will be executed some time during the month of July.

HAD A GUN FIGHT.
Brady, the Train Robber, Seen, but Not Captured.

RED BLUFF, Cal., June 20.—Deputy Sheriff Martin and Mart Bowens had a gun fight yesterday with Brady, the train robber, who killed Sheriff Bogard of Tehama county. The officers came upon Brady in the road and ordered him to throw up his hands.

Instead, Brady opened fire with a shotgun, wounding Martin's horse and shooting Bowens through the thumb. Brady's horse was wounded by the return fire, and the outlaw escaped into the brush. It is thought he is seriously wounded. This is the first that has been seen or heard of Brady, since the sensational murder of Sheriff Bogard on the Oregon express several months ago.

His Body Found at Last.

ROCHESTER, June 20.—Assistant Chief of Police Hayden today received a dispatch from Coroner Walker of Niagara county stating that the body of Jacob S. Kergood, who so mysteriously disappeared from a Michigan Central train between Chicago and New York last October, was found yesterday near Niagara Falls. Kergood was last seen alive in Detroit. His relatives spent hundreds of dollars in search of the missing man but could get no trace of him. Kergood was a brother of Edward Kergood of Denver and the senior member of the firm of Garsou & Kergood, clothing manufacturers of this city.

Kansas Crops Phenomenal Large.

PORT SCOTT, Kan., June 20.—The growth of the corn and oats crops in southwest Kansas since the rainy season commenced is phenomenal and altogether unprecedented. The hot, but very wet, weather of the past month has caused such a rank growth of corn that in some fields stocks are 10 feet high, with no signs of tassels or ears yet. Corn stalks as large as young trees ought to produce ears larger and heavier than have ever been raised. The oats were thought not to promise over a quarter of a crop three weeks ago, but they now promise a large yield.

Killed His Wife and Child.

GREENVILLE, Miss., June 20.—A horrible tragedy occurred on the plantation of Hon. J. B. Hebron, at Burgette, yesterday. Henry Taylor, colored, tied his wife and brutally chopped her head from her body with an ax and then took his child and cut off its head also with the ax. The murderer then changed his bloody clothing for a clean suit, took n week's rations allowed by Mr. Hebron and left for parts unknown. Jealousy prompted the bloody deed.

An Alabama Shooting Affray.

GAINESVILLE, Ala., June 20.—Postmaster P. B. Woodson and D. H. Hunter were whipping two negro girls named Wright for insulting Woodson's daughter when the father of the girls attacked them with a hoe. Hunter was seriously injured, whereupon Woodson shot the negro and the latter's daughter, killing them. The bullet that struck the girl glanced from Wright's head.

Man and Wife Instantly Killed.

SAN FRANCISCO, June 20.—A special newspaper train going toward San Jose at the rate of 50 miles an hour ran over and instantly killed Robert Marshall and his wife at a crossing just outside the city limits. The Marshalls were torn to pieces. The train ran for a mile before it could be stopped, carrying on the cowcatcher fragments of man, woman, horse and vehicle.

Making Homes For Consumptives.

WINSTON, N. C., June 20.—Mr. Turft, a philanthropist of Boston, has purchased 5,000 acres of ground near Southern Pines, on which he will erect 500 cottages for the benefit of persons suffering with consumption. He says he will provide easy employment for the class of persons whom he has seen fit to make homes for.

Preparing to Fight.

LONDON, June 20.—A dispatch to The Times from Hong-Kong says: The Black Flag general has demanded the withdrawal of the 200 British marines landed at Aming in the island of Formosa. The British officer commanding the marines has refused to withdraw and is preparing to fight.

Ex-Congressman Bland III.

DENVER, June 20.—Ex-Congressman Richard Bland of Missouri has returned to the city from his lecturing tour through the state, and is ill at the Palace hotel. His weakened condition is the result of an attack of grip.

THE CANAL OPENING.

Kiel Crowded With Eager Humanity.

MAIN STREETS ARE IMPASSABLE.

Pleasure Boats Loaded to Their Utmost Capacity With Crowds of Sightseers Going the Rounds of the War Ships, Which Are the Central Feature in the Great Spectacle.

KIEL, June 20.—For the past 24 hours there has been a ceaseless incoming of trains hither on the railroads, each one filled to the last inch of available space with eager humanity. Visitors have flocked in thousands in the streets of the town and in the harbor, and every place is overflowing with people. The main streets are almost impassable with the streams of men, women and children.

The crews of the American, French, Austrian, Rumanian and Spanish warships were allowed shore leave yesterday. The Austrians, as the representatives of one of the powers in the triple alliance, were the chief objects of interest to the spectators.

Pleasure steamers, loaded to their utmost capacity with crowds of sightseers, have been making numberless trips in the harbor, each one going the rounds of the warships which are the central feature in the great spectacle. Each pleasure steamer, as it came abreast of a man-of-war, exchanged cheers with the jolly tars on board and none of them ever seemed to grow weary, or to have succeeded in making enough noise to do justice to the occasion. A large number of private yachts have also arrived in the harbor and add much to the grace and animation of the scene.

The emperor arrived at the Rathaus at 6:30 p.m., and was received by a guard of honor amid loud and enthusiastic cheering from the crowds in the vicinity.

Shortly before 7 o'clock the banquet in the great hall of the Rathaus began. The hall, although not quite finished, had been especially decorated and upholstered for the occasion, and it presented a most brilliant aspect. It was splendidly lighted by electricity and the walls were almost hidden with historic paintings, draperies and flags of all nations, while rare plants were freely used to offset the richness of the mural decorations, giving a nice, fresh and soothed appearance to the hall.

There was a loud fanfare of trumpets as his majesty walked to the head of the imperial table, bowing right and left on his way to his seat. His majesty sat with the Regent of Bavaria, Prince Luitpold, the King of Wurtemburg, the Grand Duke of Hesse, the Grand Duke of Oldenburg and other German princes on his right and with Burgomaster Lehman, the King of Saxony, the Grand Duke of Saxe-Weimar-Eisenach, the Grand Duke of Mecklenburg-Schwerin and the Duke of Saxe-Coburg and Gotha on his left.

The number of guests at his majesty's table was 40, and the total number of guests, including the members of the diplomatic corps, who dined in a separate room, was 600. The varied uniform of the guests, the contrasting colors, the profusion of military and other decorations and the general aspect of stately magnificence and power, presented a splendid spectacle.

During the banquet at the Rathaus the emperor was in wonderful spirits and led in an animated conversation, full of gaiety and good humor, charming all present.

In the evening the town harbor and river were a brilliant spectacle with the innumerable illuminations. Despite the rain during the banquet, which was followed by a severe thunderstorm that marred the effect of the fireworks, the emperor was undeterred from proceeding to the artificial island to witness the illumination and the firing of salutes, which continued until 11 o'clock at night when the imperial party embarked on the emperor's yacht Hohenzollern which, followed by the foreign warships, passed down the harbor in a blaze of light. The departure of the emperor was witnessed by thousands of spectators who were massed along the river.

The scene from the island was fairy-like in the extreme. The various steamers made the circuit around the island after which the emperor landed on the island in front of the special tent, which had been erected for him. As he entered the spacious pavilion, the whole tent and island were brilliantly illuminated together with the Lombardsbruecke, the well known bridge connecting the inner and outer Alster, which countless little lights flamed along the entire edge of the lake.

On the island at 10 o'clock the grand display of fireworks was given. The United States man-of-war present, which had been well supplied with fireworks, contributed not a little to this part of the spectacle. There were several set pieces in red, white and blue, representing the German and American arms. Another set piece was a special motto in German text, "Herzlicher Gruss an Deutschland von den Vereinten Staaten," (Heartily greeting to Germany from the United States.)

At 10:30 o'clock the imperial party re-entered the emperor's launch, and landed at the Alster Thor. Here a chorus of a thousand voices greeted them, singing "Heil der Emperor." Graciously bowing his thanks, the emperor passed up the gangway, kept by the Hamburg Rowing club and other associations, to his carriage. He then drove through the crowded streets, when he embarked on the Imperial yacht.

No Trouble in Colombia.

WASHINGTON, June 20.—General Rengifo, chargé d'affaires of Colombia, has received official information from his country stating that complete tranquility exists, and that the government troops assembled to put down the recent rebellion were now disbanding, as there was no further need of disbanding.

CLAIMS AGAINST THE COLIMA.
They Must Be Made Before Oct. 1, and No Suits Brought.

NEW YORK, June 20.—The Pacific Mail Steamship company, having filed a petition with Judge Brown of the United States district court asking for an exemption for liability for all damage by the wreck of the Colima, and offering to surrender to the court for the benefit of those having claims against the company, its interest in the wrecked vessel and the freight moneys earned on the last fatal voyage, Samuel H. Lyman was yesterday appointed trustee to receive a transfer of interest and hold it for the benefit of creditors who might prove claims.

Such transfer was executed to Mr. Lyman and excepted by him. The court directed an order commanding all persons claiming damages by reason of the wreck to present their claims to Commissioner Thomas Alexander on or before Oct. 1 next. An order was also issued restraining all persons from suing the company for any damage which they might have received by reason of the wreck until the termination of the present proceedings.

The Investigation Continued.

SAN FRANCISCO, June 20.—W. P. Schwerin, vice president and general manager of the Pacific Mail company, was examined yesterday afternoon by the United States inspectors of hulls and boilers in connection with the founder of the steamer Colima off the coast of Mexico on May 26. Schwerin testified that he was an officer of the United States navy for 19 years. He had inspected the Colima before she left San Francisco and found her in good condition, upon which he had congratulated Captain Taylor and admonished him to take good care of the ship and passengers. He stated that he inspected all the Pacific Mail steamers before they went to sea. The lifeboats were ready for service and if they were lashed he said it would take only a minute to cut the ropes. Schwerin admitted that the lumber was piled three feet high on the Colima's deck, but said the lumber was securely lashed to the weather. He was positive the lumber did not make the Colima top-heavy.

GOVERNOR ALTGELD'S MISTAKE.

It May Cost the State of Illinois Fully \$15,000.

SPRINGFIELD, Ills., June 20.—Members of the legislature have already begun to return to Springfield for the extra session called by Governor Altgeld, but a serious contingency has arisen. It appears that the governor omitted from the list of subjects for consideration any mention of an appropriation to pay the expenses of an extra session. As the matter now stands, neither the house or senate can employ any clerks, doorkeepers, police-men, janitors or other essential attaches.

Representative Berry said that he could see no way out of the muddle except the governor to prorogue the general assembly and issue a new call. To do this it may cost the state \$15,000. Every member is entitled to mileage. This will average about \$25 per member, and make a total of over \$3,000. Then every member is allowed \$50 a session for stationery, making a total of over \$10,000.

Two Mountain Desperadoes Meet.

WHITESBURG, Ky., June 20.—News comes from Hyden, Leslie county, that a man named Higenot and James Banks, two notorious mountain desperadoes, met on the streets of Hyden intoxicated, and a quarrel ensued, resulting in a pitched battle early yesterday morning. Higenot was shot twice in the abdomen and once in the arm, fatally wounding him. Banks was shot in the leg and seriously wounded. Banks is now in the Leslie county jail to await trial for the crime. Higenot is expected to die hourly.

Robbed the Pension Department.

ST. LOUIS, June 20.—A warrant has been issued by United States Commissioner Gray for the arrest of Fraunces M. Rhodes, alias Peter Rhodes, of Macon, Mo., charging him with perjury. It is claimed that he has obtained \$10,000 from the government by making false affidavits for pensions for the loss of eyesight. Investigation showed that his eyesight was good, that he was quite rich and making money rapidly as a money lender.

No Trouble in Colombia.

KUTZTOWN, Pa., June 20.—Daniel W. Stitzel, aged 50 years, was murdered last night. The murderer had secreted himself at the end of a lane through which he knew that Stitzel would have to pass on his way to his home. Stitzel's body was completely filled with shot. It was evident that the shooting had been done at short range, as the entire load took effect. No arrests have yet been made, and the authorities are complete in the dark.

End of the Celebrated Nut Case.

ATCHISON, Kan., June 20.—James Nutt, who killed James Dukes of Uniontown, Pa., in revenge for killing his father, State Treasurer Nutt, was yesterday sentenced to the penitentiary for 15 years for shooting Mrs. Jessie Payton and Leonard Colman in this county Feb. 4 last.

Mr. Joshua Barnes, of Millersburg, is visiting his uncle, Mr. Thomas Best, near this city.

Miss Edna Hunter, of Washington, left yesterday for a visit to friends at Mt. Sterling.

Miss Maude Kirk is entertaining Miss Rebecca Martin of Millersburg and Miss Elizabeth Best at "Edgewood" this week.

Mrs. Glascock and daughter of Lime-stone street and Miss Ella Metcalfe left this morning for an extended sojourn at Escenapia Springs.

Mr. William N. Stockton is off on a three-weeks trip through Ohio and West Virginia, in the interest of the E. A. Robinson cigar factory.

Mr. Joe Coughlin and sister, of Augusta, Miss Sliker, of Cincinnati, and Miss Maggie Sheely, of Chatham, visited friends in Germantown this week.

Judge George W. Dye, of Sardis, returned yesterday from his trip to Lane, Kansas. While en route he met with an accident, painfully injuring one of his arms.

AT OLIGO-NUNK.

A Party of Maysvillians Enjoy an Outing at the Place of Caves Wednesday.

Have you heard of Oligo-nunk? Oh yes! Is it not true that you have thrown all thought of the place aside, as something unworthy of your attention? Doubtless many have done so. A party of about forty persons had given sufficient notice to it to cause them to take advantage of the excursion there on yesterday. Were they disappointed? Well, not if ladies and gentlemen may be believed. Everyone was very agreeably surprised, because the journey in itself is very pleasant, the accommodations at the hotel were superior to anything anticipated and the caves were *bigger holes* in the mountain than they had supposed.

The scenery up the Ohio is beautiful and as the train laboriously ascends Kinnekinnick the excursionist's enjoys a continuous succession of magnificently romantic views.

The hotel is spacious and airy, surrounded by mountain scenes making it a most agreeable place to enjoy a lunch or to take a quiet rest.

Some parts of the caves deserve special mention, viz: Lion's Den, Bee-hive Dome, Four-story Canon and Honeycomb Cave. While in the Lion's Den the party sang "Rock of Ages" and "Old Kentucky Home,"—the very songs that Daniel of old would have sung had the hymn been composed before that time and had he been a Kentuckian.

It is impossible to give a faithful description of such scenes,—they must be seen to be appreciated. We believe that for a day's outing, from Maysville and surrounding country, there is no place within comfortable access which will compare in pleasure and profit to the trip to Olio-nunk,—the place of caves.

There will be another excursion to Carter about July 20th, when the people may have a favorable opportunity to go and enjoy themselves for a day. Many of yesterday's party expressed a desire to make a second trip at that time.

The members of the party were delighted. Ask them about it.

Hughes, of Wilmore College, officiating. The groom is a druggist at Wilmore. His bride is an accomplished young lady, and had charge of the music department at above college the past session.

CROP PROSPECTS IN THIS STATE.

What the Kentucky Weather Service Says of the Outlook at the Present Time.

The general tone of reports received to-day indicates that upon the whole crops have been benefited by the weather conditions of the past week. The temperature was considerably above the normal, the average daily maximum for the week being very close to 90°. Owing to the uneven distribution of the showers which fell during the latter part of the week, it is difficult to determine the average amount of precipitation for the State. There is much complaint of drought from nearly all of the northern counties and at places in many of the others, but generally speaking the western and southern sections have received sufficient rain to break the drought, and many localities report a large excess of precipitation. In the central and eastern districts very heavy showers have fallen over localities of limited area, and in some places have resulted in actual injury to crops owing to the flooding of fields, but as a rule the crops in these portions of the State are suffering quite seriously from the effects of the dry, warm weather which has prevailed during the past two weeks.

The harvesting of wheat was begun early in the week in all of the western counties and is now under full headway. The grain is ripening very rapidly in other sections and some cutting is reported from the central sections. The close of the present week will witness the work of harvesting in all parts of the State. Reports as to the yield are so exceedingly contradictory as to render the making of an accurate estimate of the average very difficult. The consensus of opinion of the best correspondents indicates that a slight shortage is probable. Some few complaints of smut are made, but the quality of the grain is generally reported to be good in all sections of the State.

The setting of tobacco was practically completed during the week, and in sections which have been favored with rain the plants are doing well. From others come reports of very serious damage from drought. In many fields the plants have died upon the hill owing to lack of moisture, and replanting will be necessary in such cases. Correspondents in the Southern counties state that grasshoppers are doing much damage to the young plants.

The general outlook for corn has greatly improved during the past week, the weather conditions being just suitable for its rapid growth and easy cultivation. The fields are unusually clear of weeds and grass, and with a continuance of favorable weather the prospect for the crop will be very promising. The greater portion of it is still considerably behind in growth, but it is making rapid strides toward recovery from the setbacks it received earlier in the season. The fields which escaped the cut-worm look exceptionally well.

Oats will soon be ready to cut and the outlook is for a fair crop in the greater portion of the State. In many fields the grain has headed out short, owing to lack of rain, and this fact will cause a shortage in the yield in a number of counties, though the average for the State will be from fair to good.

The prospect is for a light yield of barley in the majority of counties. Complaints of shortage of pastures and meadows are quite general, and the prospects for a good hay crop are not encouraging. Pastures have suffered severely from the effects of the drought, and in many localities are completely burnt up. The condition of live stock is consequently not up to the standard.

Reports received from the hemp raising counties state that the prospects for the crop are not very favorable. While gardens have improved somewhat during the week, their condition is generally reported to be only fair, with prospects of light yields, except in the case of potatoes, which look well and promise a good crop. The outlook for sweet potatoes is not favorable.

Late fruits are doing well, and the reports of apples falling have nearly ceased. Grapes are doing better than was expected some time ago, and in many localities the outlook is for an excellent yield.

When Baby was sick, we gave her Castoria. When she was a Child, she cried for Castoria. When she became Miss, she clung to Castoria. When she had Children, she gave them Castoria.

KNOWLEDGE

Brings comfort and improvement and tends to personal enjoyment when rightly used. The many, who live better than others and enjoy life more, with less expenditure, by more promptly adapting the world's best products to the needs of physical being, will attest the value to health of the pure liquid laxative principles embraced in the remedy, Syrup of Figs.

Its excellence is due to its presenting in the form most acceptable and pleasant to the taste, the refreshing and truly beneficial properties of a perfect laxative; effectually cleansing the system, dispelling colds, headaches and fevers and permanently enring constipation. It has given satisfaction to millions and met with the approval of the medical profession, because it acts on the kidneys, Liver and Bowels without weakening them and it is perfectly free from every objectionable substance.

Syrup of Figs is for sale by all druggists in 50c and \$1 bottles, but it is manufactured by the California Fig Syrup Co. only, whose name is printed on every package, also the name, Syrup of Figs, and being well informed, you will not accept any substitute if offered.

BRAMEL-MAYHUGH.

The Central Hotel Parlors the Scene of a Quiet Wedding Wednesday Afternoon.

Mr. A. W. Bramel, of Mt. Gilead, and Miss Kate Mayhugh, of Orangeburg, were quietly married in the parlors of the Central Hotel, this city, by Rev. E. B. Cake, at 4 o'clock Wednesday afternoon, June 19th.

The bride is a descendant of one of Mason's old and well-known families, and is a young lady of great personal beauty, refinement and culture, whose genial, happy temper and sprightly manner have made her the favorite of a large circle of friends.

The groom is also well known, and respected as a young man of sterling worth and one of Mason County's most successful farmers.

Their many friends will join in hearty congratulations and best wishes for the happiness of the newly wedded pair.

Professor Rowland to Leave.

Professor J. H. Rowland has been elected Superintendent of Schools at Middletown, O., on a salary of \$1,500, and will no doubt accept the position, as the Board of Education of this city lately reduced his salary as Principal of the High School to \$1,000.

Maysville's loss will certainly be Middletown's gain in this instance. Professor Rowland's friends will sincerely regret to see him leave this city.

He also had a flattering offer, we understand, from the Hopkinsville (Ky.) School Board.

Horses Wanted!

Mr. Joe Kindig, of York, Pa., will be at Mose Daulton & Co.'s stable, Maysville, Ky., Wednesday, June 26th, 1895, and will pay the highest market price for good, sound horses or mares, from four to eight years old, well broken and in good flesh. Bring in good ones and get the money for them. Don't forget the date.

Aunt Susan Boyd is visiting her daughter, Mrs. Macleod, of Portsmouth.

Mrs. Faunie Stableton, of Aberdeen, visited her brother, J. T. Orr, last week.

Miss Bertha Hendrickson, of Poplar Flat, was visiting friends here the past week.

E. J. Ifley, of Selotville, O., made a flying visit to his parents here not long since.

J. K. Carr and little son, Edgar, spent a part of last week with J. R. Carr, of Covington.

Miss Laura Traber has closed her spring term of school at Martius, and is at home again.

Rev. J. R. Word filled his appointment at the M. E. Church, South, Sunday morning and night.

After a two months visit to her aunt, Mrs. J. Carr, Miss Blanche Kirkland has returned to her home near Bernard.

The continued dry weather is doing much damage to growing crops and pastures. The latter are about dried up, and there is much concern felt among the farmers.

COMMENCEMENT.

The Exercises at St. Francis de Sales Academy a Brilliant Success.

Program of the Closing Day—The Honor Pupils—Medals Awarded. Other Matters.

The thirtieth annual commencement of St. Francis de Sales Academy occurred yesterday and was a brilliant success.

For the greater part of the audience who have nothing of personal interest in the public successes of the honor pupils of the school, since that lies mainly with their relatives and friends, the musical features are those which claim special consideration and give more general pleasure.

St. Francis de Sales Academy holds high rank as a school of music, and a glance at the program will satisfy even those who never claimed the privilege of attending the commencements, that it is well abreast of the advanced schools of the present day. An inspiring entrance march was played by the "Visitation Mandolin Club," which is composed of twenty-two young ladies, who with violins, mandolins, guitars and banjos, not only charmed the ear but the eye.

The address to the Rt. Rev. Bishop was very prettily delivered by Miss Aimee Kane. Gounod's "Ave Maria" was given with telling effect by Miss Belle Piatt, whose unusually fine soprano voice showed to excellent advantage; in addition to the piano accompaniment. A mandolin obligato was exquisitely played by Miss Mae Burgess. This young lady received a gold medal for proficiency on the mandolin. She is accorded to be the most accomplished mandolin player in this part of the country.

Two instrumental numbers claim attention, the march from fifth symphony "Lenore," by Raff, and "Hungarian Dance," by Wagner. These were charmingly rendered and gave much pleasure. The "Theme and Variations," by Beethoven, was splendidly given, on two pianos, by Miss Agnes Dodson at first piano, and Miss Mary Bayless at second. This composition is eminently characteristic of the famous composer, but the young ladies proved themselves equal to every difficulty. Probably the most prominent instrumental feature of the program was Mendelssohn's Concerto for piano, with orchestral accompaniment on second piano. This is a brilliant composition, abounding in rapid running passages, which calls for exquisite delicacy of touch and absolute precision on the part of the player, while the theme which is never obscured by elaborateness of treatment, is a very beautiful melody. Miss Kathleen Murphy won deserved applause for her interpretation of the piece, and the faultless manner in which she played it. The orchestral part on second piano was brilliantly sustained by Miss Bertha Neider. Moskowski's brilliant valse op. 34 was exquisitely played by Miss Murphy. One of the most catching numbers of the program was the "Reverie," for violins, zithers, guitars and mandolins. Miss Agnes Dodson played in excellent taste an effective and difficult "Poianaise," by Paderewski. In the beautiful trio, "The Water Nymphs," the parts were judiciously balanced, and found exquisite interpretation in the fresh young voices of the singers, Misses Piatt, Dodson and Bimpson.

Miss Marie Bayless, the fair young graduate, delivered her beautiful valedictory with charming ease and grace, and won deserved applause.

Once more the efficient teachers at St. Francis de Sales Academy are to be congratulated; as are also the people of Maysville in having in their city a school which in no respect fails short of the exacting demands made upon educational institutions by the advanced requirements of this progressive age.

ATTEMPT TO ROB A BANK.
It Proved a Failure as the Plot Had Been Given Away.

COLORADO SPRINGS, June 20.—An attempt was made yesterday afternoon to rob the Exchange National bank but it failed, as Sheriff Bowers had been informed of the plot several days ago and officers were watching for the would-be robbers.

At 1 p.m. Fred George and "Red" Hutchins entered the bank and George pulled a revolver and called on Cashier Heron to throw up his hands. He dropped behind the counter. George and Hutchins were quickly seized by Sheriff Bowers and Deputy Sheriff Bramlett, who followed them into the bank.

E. M. Kennedy, a livery stable man, who was on guard at the bank door, and Robert O. McFarland, who was in charge of a team with which the robbers intended to escape, were also arrested. The prisoners are residents of the Springs. It is said Hutchins is the man who gave information of the plot to the police.

VENEZUELA'S DILEMMA.
Conflicting Reports Make It Very Unpleasant For That Country.

CARACAS, Venezuela, June 20.—The government has given out there is every prospect of an early settlement of the difficulties pending between this country and France, while like letters received from Paris and from reliable sources assert just the contrary and intimate that if England and France do not make common cause against this country, it is more than likely that France will help England's claim and recognize them as just.

A semi-official telegram received yesterday evening from Washington announced that the secretary of state would follow up the policy of the late Secretary Gresham, and will finish a new interpretation of the Monroe doctrine which the late secretary had in study.

GUNS DESTROYED.

Fire Causes a \$30,000 Loss to the United States Government.

SAN FRANCISCO, June 20.—A fire at the Presidio reservation yesterday will cost the United States government about \$30,000. The fire was discovered in the gunshed of Light Battery F, and before an engine arrived the building was consumed. The shed cost only \$2,000, but it contained eight 4-inch rifle guns of the latest pattern, each of which cost about \$3,000. The guns were badly warped and the carriages so twisted that they are absolutely ruined.

Besides the guns, a number of valuable stores were in the building, all of which are damaged so they are unfit for use. The origin of the fire is unknown, and is now being investigated. There were some lubricants stored in the shed, and the theory of Colonel Graham is that the fire was caused by spontaneous combustion.

Incline Car Jumps the Track.

CHATTANOOGA, June 20.—A car on the Lookout Mountain incline railway jumped the track while coming down the mountain about 200 feet from the Point hotel yesterday. W. B. Mitchell, president of the Third National bank of this city, and author of "Dollars or What," and M. M. Henderson were standing on the freight platform in the rear of the car and they both jumped, receiving serious, and probably fatal wounds. The conductor stopped the car with automatic brake. None of those on the inside being hurt.

Taken From Jail and Shot.

ABBEVILLE, Miss., June 20.—Will Chandler, a negro, who said he was from Alabama, was yesterday taken from jail here by a mob, tied to a telephone pole and shot to death. Chandler was accused of robbing and attempting to assassinate Miss Johns of this place Tuesday and was identified by that lady.

No Separate Schools.

WINNIPEG, June 20.—A vote on the school debate was reached at 10:30 yesterday evening. All the amendments were voted down and Manitoba's answer refusing to re-establish separate schools was adopted.

Passenger Train Ditched.

HOUSTON, June 20.—A relief train is being made up here to go to Eureka, five miles out, where the northbound Missouri, Kansas and Texas Pacific passenger train is in the ditch, five coaches being overturned.

Usual Fate of a Peacemaker.

WEST POINT, Miss., June 20.—Warren Shipman, a merchant, shot and killed Clem Exum, son of Postmaster Exum, yesterday. Young Exum, attempted to act as peacemaker between his uncle and Shipman.

Your Husband—

Is he not dear to you? Should you not be careful of his health?

Maybe he is sometimes weak and run down from the effects of over-work, or worry, or carelessness.

But you need not be alarmed; a tablespoonful of

Brown's Iron Bitters

three times a day for a week or two will make him well and strong.

And this is how it does it: It purifies and enriches the blood and gently stimulates the action of the vital organs, and helps them perform their proper offices.

Don't neglect trifling ailments.

Brown's Iron Bitters is pleasant to take, and it will not stain the teeth nor cause constipation. See the crossed red lines on the wrapper. Our book, "How to Live a Hundred Years," tells all about it; free for 2c stamp.

W. W. BALL, Secretary.

THE six-year-old son of Robert Link, of Bourbon County, attempted to catch a forty-pound turtle in a pond on his father's farm. He took hold of the business end of the turtle by mistake and the catcher was caught. The turtle started for deep water, and the child would probably have been drowned, had not his father appeared on the scene. The turtle's head had to be cut off before it released its hold on the boy's hand.

THE Ripley Bee says that Samuel Yeaton will soon have a deed from the government for what is known as Charleston Bar, which is located about 2½ miles above Ripley. Mr. Yeaton was a soldier during the late war, and as such is entitled to a quarter section of land. He wrote to the authorities at Washington, asking them to allow him this bar as his claim. They informed him that they would and he has plowed it up and planted it in corn and expects to reap a rich harvest.

REPUBLICAN BOLTERS.

Many Said to be Dissatisfied With The Sound Money Plank

LEXINGTON, Ky., June 20.—Great dissatisfaction exists among a large number of the Republican voters of this county because of the sound money plank in the Republican platform adopted at Louisville last week. As is well known many of the Republicans, especially in the county outside of the city are in favor of the free coinage of silver at 16 to 1, and a number of them say that they will not vote the Republican ticket this year.

This will be bad news to the Republican leaders who have been extracting so much comfort out of the divisions in Democratic ranks over this same currency question.

Plenty of Fruit.

(Exchange.)

California fruit of all kinds should be plentiful in the East this year. The season has been good for almost all kinds of fruit thus far, and the increase in the area of cultivation is notable. No less than 421,565 pounds of cherries and 30,000 pounds of dried apricots and prunes were shipped East from the one station of San Jose during the last week of May. The cherry crop of Santa Clara County this year will exceed 6,000,000 pounds, an increase of nearly 2,000,000 pounds over last year. Some of the lands in San Bernardino County which a few years ago were listed on the surveys as "desert land," are this year yielding from \$25 to \$400 per acre in almonds.

STATE DEMOCRATIC CONVENTION AND ST. JOHN'S DAY CELEBRATION.
